Dear Mr. Arnold;

This letter is in regard to your letter dated February 17, 1989, to Mr. Thomas Gredell concerning an allegation of noxious odors from the West Lake Sanitary Landfill.

This landfill is routinely inspected by the St. Louis Regional Office (SLRO) for compliance with the Missouri Solid Waste Management Law and Rules, the approved engineering plans and specifications, and permit conditions. Review of the last three (3) inspection reports did not indicate noxious odors. The landfill has an active gas collection system which burns the gas that is produced at the site.

The SLRO will be requested to investigate the alleged problem and inform you of their findings.

Again, thank you for your concern. If you need further assistance please contact Mr. Stuart Bean, in the SLRO, at (314) 849-1313.

Sincerely,

DIVISION OF ENVIRONMENTAL QUALITY

Miles Stotts

MEMORANDUM

Division of Energy
Division of Environmental Quality
Division of Geology and Land Survey
Division of Management Services
Division of Parks, Recreation,
and Historic Preservation

DATE: February 27, 1989

TO: Mr. Don Maddox, Regional Administrator
St. Louis Regional Office

THROUGH: Mr. Miles Stotts, Chief
Solid Waste Enforcement Unit, Waste Management Program

FROM: Mr. Dean Smart, Environmental Specialist
Solid Waste Enforcement Unit, Waste Management Program

SUBJECT: West Lake Sanitary Landfill Complaint

The Waste Management Program (WMP) received the attached letter from the City of Bridgeton concerning a complaint of noxious odors coming from the West Lake Sanitary Landfill.

Please direct your staff to investigate in accordance with division policy. I have already spoken to Mr. Stuart Bean of your staff concerning this matter. Please report your findings to Mr. James D. Arnold. His address is on the attached letter.

Your cooperation and support are appreciated.

Dear Mr. Gredell:

At the last meeting of the Bridgeton City Council held on February 15, 1989, a citizen living on Taussig Road and in the vicinity of the old West Lake Quarry, now owned by Laidlow Waste, addressed the Council to complain about noxious odors.

I have written to the Laidlow people asking them to investigate, but have also been instructed to write you and inform you of the alleged problem as a matter for your information and possible action.

Very truly yours,

City of Bridgeton
